

Personal Planner & Scorecard 2024

What interests you? Did you do it? Did you leave a review in TMA?

Zone 1 > Becker Mountain

Plans	Route	Duration	Notes	Done!	Rated
	D3.1 > Twisted Steel to Highway	Half	This is the original classic with a bail to take either the haul road back to Hartnell Road, or take Hwy 6.		
	D3.4 > Olaf McRockface <i>(New for 2024)</i>	Half	Hartnell to Lookout, Jump Run, Upper Flow, Olaf Berserker, Lower Flow, Powerline Climb, Cougar Tree, Back to Rooty McRockface, Lookout, Exit via Hartnell.		
	D3.5 > Twisted Steel & Up Salsa Shark [CLASSIC]	Half	Twisted Steel is a great intro to the D3s. If you don't want to go any deeper into the 3s, consider bailing to Hwy 6, or the haul road, after you reach Rhino FSR.		
	D4.1 > Got it Going On <i>(New for 2024)</i>	Half	Hartnell, Lookout, Flow to Big Cutblock, through Lookout Corner, Below the Bench and into Welcome to the Jungle, early exit to the power line, re-enter the forest on Hidden Corner Trail, down to Hot Sauce on Me Chips, exit via Stalled Bike Bridge Trail, and Upper Hartnell by Chamber's.		
	D4.5 > Feisty Skittles <i>(New for 2024)</i>	Half	Hartnell to Monster Log Cutblock, Rooty McRockface, Tunnel of Love, Southside Skinny, Welcome to the Jungle, Down Rollin Coal, Hot Sauce on Me Chips, Skinny Mini, Feisty Zoe, Skittles, Twisted Steel, Descent from Chambers		
	D5 > Proper Spanking <i>(New for 2024)</i>	Half	Plumbers Butt, Some New Guy, Up "That Rocky Hill", Slight Cool Down, New Cutblock and Dirty Trail, Some Guy, Down "That Rocky Hill", Original Some Guy		
	D6 > Squeal Team 6 <i>(New for 2024)</i>	Half	You need to be some sort of special forces to do this on anything bigger than a hard enduro bike. Clockwise is significantly harder. Squeals of joy, or terror? Let us know.		

Zone 2 > Bardolph & Monashee

Plans	Route	Duration	Notes	Done!	Rated
	D2 > Marco's Monashee Meander	Full	An instant classic! A giant loop of largely forgiving trails.		
	D3.2 > Rappin' Granny	Half	Hwy 6 to Noble Canyon, Up Bardolph, Over to Lumby, Back on Hwy 6.		
	D3.1 > Stink Palm	Half	Hartnell, Powerline Climb to Lumby Lookout, Down the Road, Up to Bardolph, Around the Lake, Back Down, Exit Hwy 6.		
	D4.7 > Evil Fantasy <i>(New for 2024)</i>	Half	Hartnell Road, a bit of a shorter and harder Twisted Steel, a secret way over to Bardolph Mountain, some of the Silver Star Loop, and some special spices to wrap it up. Most certainly one of the most interesting routes of the year.		
	D5 > 6k of Krazy	Full	Hartnell Road, Becker Mountain, Bardolph Mountain, Park Mountain, and Sugar Mountain. Return (Destroyed) by Highway 6. Our most gruelling route.		

Get all routes from The GPS Exchange on ThatMotoApp.com. Please note, most of these routes will go offline September 15th at 10 AM. Join us or wait until 2025!

Zone 3 > King Eddie

Plans	Route	Duration	Notes	Done!	Rated
	D1 > Aberdeen Plateau	Half+	It's lovely, smooth sailing and can be either a half-day, or a full day ride.		
	D2.5 > Double Track Dreams (New for 2024)	Half	Experience a sustained mix of resource roads and wonderful double-track that winds up, down, and through the forest between Lavington and Lumby.		
	D3.1 > Microwaved Popcorn	Half	It's mostly haul road, until it gets interesting for a sweet climb to one of our best lookouts.		
	D3.5 > Buck Hills	Full	Go deep, high, and shoot out of the wilderness near Big White ski hill on Hwy 33. Slab it back to Vernon or be a little more adventuresome if you have the energy.		

Zone 4 > Falkland South

Plans	Route	Duration	Notes	Done!	Rated
	D1 > Douglas Lake Ranch	Full	Out in the plateau with the grasses, birds, and long views.		
	D3.5 > Sancho's Revenge & Tuk Mtn	Half+	One of the original classics repaired after made impassible by fire guards. If you don't hustle, this becomes a full day adventure.		

Zone 5 > Falkland North

Plans	Route	Duration	Notes	Done!	Rated
	D4 > Singletrack Dreams & Big Bike Screams	Half+	Very worth the trip. Use the ride out to get pumped up, and the ride home to reflect, be thankful, and recover for the next ride! [CLASSIC]		
	D4.1 > The Chonkinator	Full	Easier than the R1, and almost as epic. You will sleep well.		
	D4.5 > KTM R1 Salmon Arm (New for 2024)	Full	Assembled by KTM in 2019, confirmed and tweaked in 2024. It's long, sustained, relentless, and definitely delivers a sense of accomplishment once finished.		

Thank you for using TMA and being part of the 2024 Gathering.
